### **Garware-Wall Ropes Ltd organises tree plantation drive around Pune**

Garware-Wall Ropes Ltd (GWRL), a manufacturer of technical textiles for the Indian and global markets, organised a tree plantation drive at Ghoradeshwar on July 4. The tree plantation drive is part of its endeavour to contribute to eco-conservation in Pune. Around 70 employees planted saplings and are committed to take care of it, with someone from the team visiting the project every Sunday. The event was organised at Ghoradeshwar on the way to Talegaon on the old Pune-Mumbai Highway. On July 19, the company has scheduled a similar initiative targeting plantation of saplings at Sinhagad.
